

Achievers

What have you done today to make you feel proud?

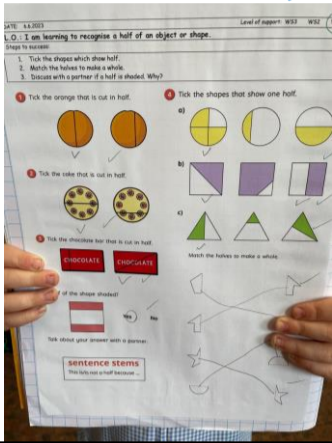

Week ending 9th June 2023

Portwrinkle

S is our achiever this week. He has worked so hard to learn to write letters correctly, especially the 'b'. He is so proud of himself. He is a real life Have a Go Horse!

Downderry

M is our achiever this week for being a 'Have a Go Horse' in Maths! She has been working hard independently on our new topic, Fractions. She can recognise half of an object, shape or quantity. Well done M!

Kingsand

M is our achiever this week for being really focused on his learning. He has been a 'Teamwork Tiger' by helping others, once he has finished his own work. He has also worked hard on improving his presentation this week – well done!

Mousehole

Yesterday, we went on our school trip to Paignton Zoo. The whole class behaved brilliantly. C was sensible throughout. He crept through the inside areas so that he did not scare the animals, listened to instructions well and his smile was infectious.

Whitsand

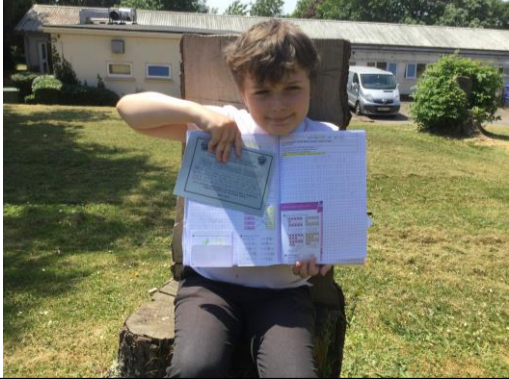

C is our achiever this week because he works so hard in his lessons and is a great example to his peers. He produces his best work at all times. At the zoo yesterday, he was very knowledgeable and had a great time!

Talland

E is Talland Class achiever this week for being an excellent example of 'Have a Go Horse' in PE. She got really stuck in to batting in cricket, and even surprised herself! Well done!

Looe

For being a maths magician, a word wizard and a remarkable reader! K can grasp concepts and complete tasks to a high standard. His maths knowledge is amazing, thank you for sharing your expertise with us all. Well done K, what a star!

Pendower

E has shown real determination to master algebra both this week and the week before half term. He has been a super example of a 'Have a Go Horse' by eagerly throwing himself into every maths question and expanding his knowledge in this area of maths. 🍷

Seaton

For her concentration and hard work in maths lessons. She has taken to the algebra unit quickly and is able to explain her reasoning using maths vocabulary. R takes pride in all her lessons and her work looks beautiful. Great effort!
