

# Portwrinkle Class timetable w/e 08/05/20

Day	Phonics	Maths	For fun
<b>Monday</b>	<p>Go to Oxford Owl and use the Set 1 slideshow to review Set 1 sounds (Oxford Owl, my class login, username:portwrinklebrunel password:brunel.) Watch the Set 2 sounds lessons on YouTube (search Read Write Inc) Do all Set 2 lessons. Oxford Owl- choose one of the Red ditty books to read. There are four ditties in each book so read one a day. Read three times each day. The first read is for the children to decode the words using their Fred talk. Remember to re-read each sentence. The second read will help to build speed. The third read your child should be able to read some word without Fred talking out loud- this is called 'Fred in your head'.</p> <p style="color: green;">If your child has confidently and accurately read all of the Red books you can now move onto Green books and read in the same way.</p>	<p>Start off by flashing the numbers 1-20 out of order. Randomly stop on one number and ask what comes before or after that number.</p> <p>This week we are going to look at using the number to do subtraction 'take away' sums. You use the number line in exactly the same way you did when adding EXCEPT this time you will be jumping backwards on the number line. E.g. <math>10-4=</math> , start on 10 and do 4 jumps backwards, you land on 6. Each time you do a sum use some objects to work out the sum as well, that way your child can see the subtraction in action and prove that the number line works. E.g. get 10 buttons take 4 away and count how many left.</p>	<p>On YouTube look for Read Write Inc stories with Nick</p> <p>Go to <a href="http://www.gonoodle.com">www.gonoodle.com</a> and do one of their workouts</p>
<b>Tuesday</b>	<p>As Monday and read second ditty- also have a go at spelling some words using the RWI set 1 green words sheet but don't let your child copy the words, they must Fred talk</p>	<p>Flash 1-20, then see how quickly you can put them in order.</p> <p>I want you to repeat Monday using real objects to prove the number</p>	<p>Go to Tapestry and listen to one of the stories the Portwrinkle staff have recorded</p>

## Portwrinkle Class timetable w/e 08/05/20

	<p>them for themselves. Remember to Fred talk the word and then write it.</p>	<p>line works. Today you can write the sums and get your child to write in the answer for you.</p>	<p>Draw a picture of either Mrs Matthews, Mrs Borlase, Mrs James or Mrs Bennett. Have a go at writing their names using Fred Talk</p>
<b>Wednesday</b>	<p>As Monday and read third ditty- also write some Set 2 using the set 2 sounds you have learnt? There is a list of set 2 words on our blog.</p>	<p>Place 1-20 face down and muddle them up. Choose a card and say what the number is. What is 1 more/1 less than the number you chose?</p> <p>Give your child a set of subtraction sums and ask him/her to work out the answers using their number line.</p>	<p>Listen to a story from Oxford Owl</p> <p>Make a den. You can either do this in your garden or your house. You could even make a mini one for one of your toys. Have lunch in your den, can your family fit in it?</p>
<b>Thursday</b>	<p>As Monday and read fourth ditty. Have a go at writing some simple sentences using set 1&amp;2 words. e.g. Hop on the big rock. Sing a sad song. Play with a toy. Use the sets 1&amp;2 word list to make up your own sentences. Use the word 'the' as it is a good one to learn but try to keep the words decodable.</p>	<p>As Tuesday but once they have made their number line take away 2 or 3 numbers. Can they guess which ones are missing?</p> <p>Give your child a set of subtraction sums and ask him/her to work out the answers using their number line.</p>	<p>Go to Tapestry and listen to one of the Portwrinkle staff stories.</p> <p>Make up a dance to some of your favourite music-I'd love to see it!</p>
<b>Friday</b>	<p>Make this a writing only day. Practise your speed sounds. Use the 'Speed sound patter' sheet to</p>	<p>Flash 1-20</p>	<p>On YouTube look for Read Write Inc stories with Nick</p>

## Portwrinkle Class timetable w/e 08/05/20

	<p>practise writing each letter correctly making sure you use the correct sequence. Have a go at writing the Set 2 sounds you have learnt. Can you write them without looking at them first? Write some set 1&amp;2 speedy green words using the sheets but don't let your child copy the words, they must Fred talk them for themselves. Write a sentence about the ditty you liked the best this week.</p>	<p>Challenge day- give your child a set of mixed addition and subtraction sums can they remember how to use the number line to work them out correctly? The key bit is to remember you add on so you jump on. You take away so you go back.</p> <p>I'd love to hear how they get on with this so send me an email or put a post on Tapestry.</p>	<p>Go on a treasure hunt in your garden or house. Use a matchbox or something small that you can put things in, like a small yoghurt pot. Find tiny items to fill your matchbox/pot, see how many you can fit in it.</p>
